

## SelectHealth Kids<sup>SM</sup> Plans Premium Assistance Program Application

Children approved for coverage on a SelectHealth Kids plan may also be eligible for the Premium Assistance Program. Enrollees may apply for premium assistance and for Kids plan coverage together, or they may choose to apply for premium assistance after they are covered on a Kids plan for any period of time. When applying for both, SelectHealth will notify you regarding your approval status on either application and allow you to choose whether or not to proceed with the enrollment process.

Enrollees applying for premium assistance may not be eligible for the Utah Children's Health Insurance Program (CHIP) (unless CHIP enrollment is currently closed), Medicaid, Medicare, or any other type of government insurance program. Eligibility for the Premium Assistance Program is based on the total household income for the prior year and current income sources.
