

**Drug Name:** Inspra or eplrenone (generic for Inspra)

**Common Use:** A potassium-sparing diuretic used for the treatment of elevated blood pressure

**Coverage Requirement:** A trial of one or more of the following generic potassium-sparing diuretics prior to the use of Inspra:

spironolactone (generic for Aldactone)  
spironolactone/HCTZ (generic for Aldactazide)

**Coverage Rationale:** There is no clinical evidence that one medication in this class is more effective than another. Generic and preferred medications should be considered first.
