Finding a Provider

WHAT IS A PRIMARY CARE PROVIDER?

A Primary Care Provider (PCP) is a doctor who you see for most of your health care needs and provides your day-to-day health care. Your PCP knows you and your medical history. With a PCP, your medical needs will be managed from one place. It is a good idea to have a PCP because the PCP will work with you and your medical plan to make sure that you get the care that you need.

HOW DO I CHOOSE A PRIMARY CARE PROVIDER?

You will need to choose a PCP from our provider directory, selecthealth.org/find-a-doctor. Select the “CHIP” network. Once you choose a PCP, please call
Member Services and let them know. If you need help choosing a PCP, call Member Services and someone will help you.

If you have a special health care need, one of our Care Managers will work with you and your doctor to make sure that you choose the right provider for you. To talk to a Care Manager about selecting a PCP, call 855-442-3234.

**HOW CAN I CHANGE MY PCP?**

Call Member Services to change your PCP. We are happy to help you.

**Cost-Sharing**

Cost sharing is the amount you must pay for some services. This includes deductibles, copayments, and coinsurance.

**WHAT IS A COPAYMENT (COPAY)?**

A copay is the amount you must pay for some services. Most CHIP families will need to pay a copay for medical services.

For additional copay information, refer to the CHIP Co-pay Chart on page 11. The copay plan you are assigned will be listed on your CHIP medical card and on your MyCase account through the Department of Workforce Services.

**WHAT IS COINSURANCE?**

Some services have a coinsurance. A coinsurance is a percentage of the total bill that you are responsible to pay. The co-insurance percentage can be different depending on the service.

**WHAT IS A DEDUCTIBLE?**

A deductible is the part of a bill that is not covered by CHIP. CHIP members must pay the deductible first before your CHIP plan can pay the remaining cost of these bills. A deductible is a set amount each year and once that amount has been paid, you no longer have a deductible for the remainder of the deductible plan year. The deductible plan year starts on July 1st and ends on June 30th the following year.

**WHAT IS A PREMIUM?**

A premium is an amount you must pay to get CHIP benefits. For information about your CHIP medical premium, call the DWS at 866-435-7414.

**WHAT IS AN OUT-OF-POCKET MAXIMUM?**

CHIP has a maximum amount you have to pay for cost sharing. This is called your “out-of-pocket maximum.” This maximum is based on your household income. DWS will tell you what your out-of-pocket maximum is for each benefit period. The benefit period is the 12-month period that begins with your first month of CHIP eligibility.

Out-of-pocket cost sharing includes deductibles, premiums, co-insurance, and copays.

**WHAT HAPPENS WHEN I REACH MY OUT-OF-POCKET MAXIMUM?**

Once you reach your out-of-pocket maximum, your household will no longer have to pay cost sharing for your benefit period.

Make sure you save your receipts every time you pay your copay. When you think you have reached your out-of-pocket maximum, contact CHIP at 888-222-2542.

**WHO DOES NOT HAVE A COPAY?**

- Alaska Natives
- American Indians

**WHEN DO I PAY COPAYS?**

You may have to pay a copay if you:

- See a doctor
- Go to the hospital for outpatient care
> Have a planned hospital stay
> Use the Emergency Room
> Get a prescription drug

WHAT SERVICES DON'T HAVE COPAYS?
Some services that do not have copays are:
> Well-child exams
> Immunizations (shots)
> Lab & X-Ray for minor diagnostic test and X-rays
  (refer to the CHIP Copay Chart for additional information)
> Mental Health outpatient and office visit

WHAT SHOULD I DO IF I RECEIVE A MEDICAL BILL THAT SHOULD BE COVERED BY CHIP?

If you receive a bill for services that you believe should be covered by CHIP, call Member Services for help at 855-442-3234. Do not pay a bill until you talk to Member Services. You may not get reimbursed if you pay the bill.

You will have to pay a medical bill if:

- You are not eligible for CHIP on the day of service.
- You get a service that is not covered by CHIP or that exceeds the CHIP benefit limit. You must agree to this in writing before you get the service.
- You ask for and get services that during an appeal or State Fair Hearing and the decision is not in your favor.
- You get care from a provider who is not with your CHIP plan, or is not enrolled with Utah CHIP (except for Emergency Services).

Emergency Care and Urgent Care

WHAT IS AN EMERGENCY?

An emergency is a medical condition that needs to be treated right away. An emergency is when you think your life is in danger, a body part is hurt badly, or you are in great pain.

WHAT IS AN EXAMPLE OF AN EMERGENCY?

Emergencies can include:

- Poisoning
- Overdose
- Severe burns
- Severe chest pain
- Pregnant with bleeding and/or pain
- Deep cut in which bleeding will not stop
- Loss of consciousness
- Suddenly not being able to move or speak
- Broken bones

WHAT SHOULD I DO IF I HAVE AN EMERGENCY?

If you have an emergency, call 911 or go to the closest Emergency Room (ER).

Remember:

- Go to the emergency room only when you have a real emergency
- If you are sick, but it is not a real emergency, call your doctor or go to an urgent care clinic (see below)
- If you are not sure if your problem is a true emergency, call your doctor for advice
- There is no prior authorization needed to get Emergency Care

WHAT IF I HAVE QUESTIONS ABOUT POISON DANGER?

For poison, medication, or drug overdose emergencies or questions, call the Poison Control Center at 800-222-1222.

WILL I HAVE TO PAY FOR EMERGENCY CARE?

There is a copay for use of the Emergency Room. Refer to the CHIP Medical Copay Chart for additional information about your Emergency Care copayments.

A hospital that is not on your plan may ask you to pay at the time of service. If so, submit your emergency service claim to SelectHealth CHIP for reimbursement.

WHAT SHOULD I DO AFTER I GET EMERGENCY CARE?

Call us as soon as you can after getting emergency care. Notify your Primary Care Provider to tell them about your emergency care visit.

WHAT IS URGENT CARE?

Urgent problems usually need care within 24 hours. If you are not sure a problem is urgent, call your doctor or an Urgent Care clinic. You may also call our Nurse
Phone line at 844-501-6600. To find an Urgent Care clinic, call Member Services at 855-442-3234 or see our website or provider directory.

WHEN SHOULD I USE AN URGENT CARE CLINIC?

You should use an urgent care clinic if you have one of these minor problems:

- Common cold, flu symptoms, or a sore throat
- Earache or toothache
- Back strain
- Migraine headaches
- Prescription refills or requests
- Stomach ache
- Cut or scrape

Post-Stabilization Care

WHAT IS POST-STABILIZATION CARE?

Post-stabilization care happens when you are admitted into the hospital from the ER. This care is covered. If you are admitted from the ER, there is no copay. This care includes tests and treatment until you are stable.

WHEN IS POST-STABILIZATION CARE COVERED?

SelectHealth CHIP covers this type of care no matter what hospital you go to. The hospital does not have to be in our network. Once your condition is stable you may be asked to transfer to a hospital that is in our network.

Family Planning

WHAT FAMILY PLANNING SERVICES ARE COVERED?

Family planning services include:

- Information about birth control
- Counseling to help you plan when to have a baby
- Birth control services and treatments
- The ability to see any provider that accepts CHIP (in or out-of-network)

ABORTION PLANNING SERVICES

There are limits on abortion coverage. SelectHealth CHIP will cover the cost of an abortion only in cases of rape, incest, or if the mother’s life is in danger. Specific documentation is required for abortions.

Specialists

WHAT IF I NEED TO SEE A SPECIALIST?

If you need a service that is not provided by your Primary Care Provider (PCP), you can see a specialist in the network. You will typically use a Secondary Care Provider (SCP) if your PCP feels they cannot handle a specific medical condition or if you would like to talk to a doctor who specializes in a specific area. You do not need a referral from your PCP to make an appointment with an SCP.

SCHEDULING AN APPOINTMENT

How long does it take to make an appointment?

You should be able to see a specialist:

- Within 30 days for non-urgent care
- Within two days for urgent, but not life-threatening care (e.g., care given in a doctor’s office)
If you have a hard time getting an appointment to see a specialist when you need one, call us at 855-442-3234 for help.

Prior Authorization

WHAT IS PRIOR AUTHORIZATION?
Some services must be pre-approved by SelectHealth CHIP before they will be paid. Permission for the provider to be paid for that service is called prior authorization.

If you need a service that requires prior authorization, your provider will ask SelectHealth CHIP to approve the service. If we do not approve payment for a service, you may appeal the decision.

Please call our Member Services at 855-442-3234 if you have any questions.

Other Insurance/TPL

WHAT IF I HAVE OTHER HEALTH INSURANCE?
If you are covered by CHIP, you cannot have other insurance unless the insurance is a limited coverage plan (such as a dental or vision only plan). You must tell the Department of Workforce Services (DWS) that you have other insurance within 10 days of enrollment in other health insurance.

DWS will review your information to determine if you will continue to qualify for CHIP. If your CHIP case closes, notify your providers to bill your other insurance instead of CHIP.
Advance Directive

WHAT IS AN ADVANCE DIRECTIVE?

An Advance Directive is a legal document that allows you to make choices about your healthcare ahead of time. There may be a time when you are too sick to make decisions for yourself. An Advance Directive will make your wishes known if you cannot do it yourself.

There are four types of Advance Directives:

> Living Will (end-of-life care)
> Medical Power of Attorney
> Mental Healthcare Power of Attorney
> Pre-Hospital Medical Care Directive (Do Not Resuscitate)

Living Will: A living will is a document that tells doctors what types of service you do or do not want if you become very sick and near death and cannot make decisions for yourself.

Medical Power of Attorney: A Medical Power of Attorney is a document that lets you choose a person to make decisions about your health care when you cannot do it yourself.

Mental Healthcare Power of Attorney: A Mental Healthcare Power of Attorney names a person to make decisions about your mental health care in case you cannot make decisions on your own.

Pre-Hospital Medical Care Directive: A Pre-Hospital Medical Care Directive tells providers if you do not want certain lifesaving emergency care that you would get outside a hospital or in a hospital Emergency Room. It might also include service provide by other emergency response providers, such as firefighter or police officers. You must complete a special orange form. You should keep the completed orange form where it can be seen.

To find out more information on how to create an Advance Directive, visit intermountainhealthcare.org/health-information/advance-directive or call us at 855-442-3234 for help.

Adverse Benefit Determination, Appeals, Grievances, and State Fair Hearings

WHAT IS AN ADVERSE BENEFIT DETERMINATION?

An adverse benefit determination is when we make a decision that is not in your favor.

Types of adverse benefit determinations are when we:

> Deny or limit approval of a requested service.
> Lower the number of services we had approved, or stop paying for a service that we had approved.
> Deny payment or pay less for services that you received.
> Do not make a decision on an appeal or grievance in a timely manner.
> Do not provide you with a doctor’s appointment in a timely manner.
> Said that you have to pay a financial liability and you disagreed. Financial liabilities include copays, coinsurance, deductibles, and premiums.

We will send you a notice of adverse benefit determination if one of the above happens. If you do not receive a notice, contact Member Services and we will send one.

WHAT IS AN APPEAL?

If you disagree with the adverse benefit determination, you, your provider, or your authorized representative can request an appeal. An appeal is the review that SelectHealth CHIP does of the adverse benefit determination that we made.

HOW DO I REQUEST AN APPEAL?

> You, your provider, or any authorized representative can request an Appeal.
An appeal form can be found on our website at selecthealth.org/member-care/forms.

WHAT IS A QUICK APPEAL?
A quick appeal means we will make a decision on your appeal request within 72 hours after we receive the request. If we do not agree that you need a quick appeal, we will send you a letter and explain why.

If you are appealing because a service you have been getting will be ended, or the number of services will be lowered, tell us if you want to continue getting that service. You may have to pay for the service if the decision is not in your favor.

WHAT IS A STATE FAIR HEARING?

A State Fair Hearing is a process with the State Medicaid agency that allows you to explain why you think SelectHealth CHIP’s appeal decision should be changed. You, your provider, or your authorized representative can request a State Fair Hearing after you get notice of our appeal decision.

HOW DO I REQUEST A STATE FAIR HEARING?

When we tell you about our decision on your appeal request, we will tell you how to ask for a State Fair Hearing if you do not agree with our decision. We will also give you the Form to Request a State Fair Hearing to send to Medicaid. The form must be sent to Medicaid no later than 120 calendar days from the date on our appeal decision notice.

If you or your provider do not agree with our appeal decision, you may submit to Medicaid the Form to Request a State Fair Hearing.

WHAT IS A GRIEVANCE?

A grievance is a complaint about anything other than an adverse benefit determination. You have the right to file a grievance and tell us about your concerns.

You can file a grievance about concerns related to your health care such as:

> When you do not agree with the amount of time that the plan took to make a service authorization decision
> Whether care or treatment is appropriate
> Access to care
> Quality of care
> Rudeness by a provider or staff
