SelectHealth Care Management

If you have a chronic condition, such as heart disease or diabetes, a new illness or injury, or a child with special needs, a care manager can help. Care managers are nurses and social workers who can help you improve your health. There is no cost for these services. They can:

- Partner with you to set health-related goals and help you reach them
- Work closely with your doctors
- Help make appointments
- Give you education materials and find classes
- Help with medication, equipment, and supply needs
- Answer questions about your benefits and claims

To talk with a care manager, call 801-442-5305.

What To Do When You Are Incorrectly Billed

If you receive a bill for services that you believe should be covered by Medicaid, call Member Services for help. Do not pay a bill until you talk to Member Services. You may not get reimbursed if you pay a bill on your own.

If you feel like you were unfairly charged or charged too much, please call Member Services at 855-442-3234.

Get the Most Out of Your SelectHealth Plan

Get preventive care to stay healthy and avoid emergency room visits. Your SelectHealth Community Care plan includes:

- Care for new mothers and babies
- Counseling and substance abuse services*
- Prescription medication
- Laboratory services (like x-rays)
- Help in managing diabetes or high blood pressure
- Services for kids (i.e., vision checks and dental)

There is no extra cost for most preventive services, but some require payment.

*Mental Health & Chemical Dependency services for Legacy members are covered by the state.

How to Choose a Doctor in Your SelectHealth Network

It’s wise and less expensive to choose a doctor from your SelectHealth network who will become your “medical go-to.” This is the person you call or visit each time you need medical care. Your doctor’s office will keep your medical records and help you get services from any specialists or other health professionals that you need. Medicaid may not pay anything for care if you go outside of the SelectHealth network.

To find doctors near you who are in the SelectHealth Community Care plan network, you can:

- Call Member Advocates at 800-515-2220.
- Call the doctor’s office and ask:
  1. Do you take SelectHealth?
  2. Are you in the Community Care network?
- Visit the SelectHealth website at selecthealth.org/find-a-doctor

What To Do in Case of an Emergency

If you have an emergency or life-threatening situation, call 9-1-1 or go to the nearest emergency room. In a medical emergency, you should get care from the closest emergency room. If you are having a mental health emergency, please call the Utah Crisis Line at 1-800-273-TALK (8255).

Urgent care facilities, sometimes called InstaCareSM, are a good choice when you need to see a doctor quickly but your life or limb is not in danger. They almost always cost less than going to the emergency room. Make sure the urgent care facility is in your network.
My Utah Medicaid Insurance Card

You will get a wallet-sized Medicaid card. Show your Medicaid card BEFORE you get medical services from a doctor, hospital, or pharmacy.

Your doctor’s office may ask to see your photo ID with your insurance card. You can use a government-issued photo ID like your driver’s license. It is up to your doctor’s office to tell you what other ID they will accept.

DO NOT lose or damage your card or give it to anyone else to use. If you do lose or damage your card, call the Department of Workforce Services at 866-435-7414 to get a new card.

Medicaid Benefit Letter

You will receive a Medicaid Benefit Letter by mail. This letter will give you important information about your Medicaid plan and benefits. When there is a change, you will get a new Medicaid Benefit Letter. Please keep the most recent letter you receive for your records.

Non-Emergency Medical Transportation

**NON-EMERGENCY MEDICAL TRANSPORTATION**

Medicaid may provide non-emergency transportation to help you get medical care if you are currently eligible for traditional Medicaid services and do not have transportation to receive medical treatment.

Medicaid may provide non-emergency transportation or reimbursement. To see if you’re eligible, please contact DWS at 866-435-7414. Transportation is not available for services from non-Medicaid providers or for non-Medicaid covered services. Transportation is not available to pick up prescriptions unless you are on the way to or from a medical appointment with a qualifying Medicaid provider. For information on exceptions, contact your Medicaid eligibility worker. Your eligibility worker may ask you to verify medical appointments. Medicaid may not reimburse you for all services.

**NURSING HOME RESIDENT TRANSPORTATION**

Nursing homes are required to provide transportation to medical appointments for their residents. Residents cannot receive bus passes. Any other non-emergency transportation needed that the nursing home does not provide requires prior authorization.

**UTA BUS PASSES**

You may receive a bus pass if you have Traditional Medicaid and live in an area served by UTA or Cedar Area Transportation Services (CATS). A bus pass has 12 one-way trips and also works on light-rail. More trips may be approved when the household has two or more recipients or when someone needs a companion. Only Medicaid recipients may use the bus pass and it may not be used for travel to work, school, shopping, etc.

**PARA-TRANSIT BUS SERVICES**

Para-transit bus services are available in some areas. If you live in an area served by FlexTrans, contact Medicaid to find out if you qualify to receive FlexTrans vouchers.

**FLEXTRANS**

Salt Lake and Davis Counties:
801-287-7433

Davis, Weber and Box Elder Counties:
877-882-7272

CATS: 435-865-4510

**LOGISTICARE**

If you do not live in an area served by bus, para-transit services, or you need door-to-door service, you may be eligible for LogistiCare services.

To find out if you are eligible, contact LogistiCare at 855-563-4403 and provide the doctor’s name and fax number who will be completing the required mobility evaluation form for you. Verify that the doctor is willing to complete the form before contacting LogistiCare. You may be transported by LogistiCare for up to four weeks while your eligibility is being determined.

You must schedule LogistiCare appointments three business days in advance by calling 855-563-4403.

They may provide some urgent care services for recipients that need to be seen within 24 hours. You must specify that the appointment is for urgent care. Verification may be required.

**PERSONAL MILEAGE REIMBURSEMENT**

**Local Travel** — When public transportation is not available or does not meet your needs, you may be reimbursed for personal mileage at 18 cents per mile, up to $300 a month. You must keep a mileage log showing the dates and miles traveled.

**Outside Your Local Area** — When treatment is not available in your local area, you must receive treatment from the nearest Medicaid provider who is able to provide the service or you cannot be reimbursed for mileage. Verification may be required.
