### What is an HMO plan?

A Health Maintenance Organization (HMO) Medicare Advantage plan uses a network of doctors, hospitals, pharmacies, and other healthcare providers.

With Select Health Medicare (HMO) plans, you must receive care from providers in the Select Health Medicare network, except in emergencies or when you need urgent care outside the service area. Non emergency care received from out of network providers may not be covered.

Nevada members can see in-network providers throughout Nevada and Utah.

To find the most up-to-date list of in-network doctors and pharmacies, visit **[selecthealth.org/find-care](https://selecthealth.org/find-care)** or call us to request a printed directory.

## Prescription benefits

The cost-sharing table below shows what you will pay for prescriptions during the Initial Coverage Stage. This plan does not have a pharmacy deductible.

During the Initial Coverage Stage, you pay your copay and the plan pays the rest, until your year-to-date prescription drug costs reach the Medicare-set \$2,400 out-of-pocket amount. At that point, you move to the Catastrophic Coverage Stage.

During the Catastrophic Coverage Stage, the plan pays the full cost of covered drugs for the rest of the calendar year. You pay nothing.
