Subject: **Let's Talk About Your UCHealth Coverage for 2026**

Preheader: Your access to UCHealth in 2025 won't change — here's how I can help you plan for what's next.

Hi [Client First Name],

You may have seen a letter from UCHealth about changes to the Medicare Advantage plans they will contract with in 2026.

I wanted to reach out personally to make sure you feel supported and have the facts about what's happening and what it means for you.

Here's what you need to know:

1. **There is no change to your Medicare Advantage coverage for 2025.** You can continue seeing your UCHealth doctors and receiving care just like you do today.
2. **The change affects coverage starting in 2026.** UCHealth has announced that it will no longer be in-network for some Medicare Advantage networks beginning January 1, 2026.
3. **You can update your coverage during the Annual Enrollment Period (AEP), October 15 through December 7.** If keeping your UCHealth providers matters, we can explore options together.

If you have any questions, feel free to call, email, or text me. I am happy to help and want to ensure you feel informed and supported.

Sincerely,
[Agent Name]
