Idaho Level Funded plan administration requirements and exclusions | 2027

Employer monthly contribution

To secure the best possible rates, employers should contribute an amount equivalent to at least 75% of the employee cost or 50% across all tiers of the lowest-cost plan offered by the employer. This contribution must be consistent for all employees.

Minimum employee enrollment

Minimum recommended participation is 75% of eligible employees after valid waivers are removed. Increased participation will normally result in improved rates. Valid waivers include having minimum essential coverage (MEC) through another carrier, valid individual medical coverage, coverage through Medicare or another government program, or coverage through a spouse or parent.

Select Health does not allow another health plan to be offered in addition to a Level Funded plan. If a group is contracted for the Select Health Level Funded line of business, they are only allowed to offer the Select Health plan and no other carrier. This includes participating in healthcare sharing ministries (HCSMs), a self or level funded plan, etc. Select Health does not allow additional carrier coverage even if another carrier does.

Excluded services

All plans are subject to exclusions and limitations. A complete list of exclusions will be included in the summary plan document and in your employees' member materials.

Qualifications for Small Employer groups

To be considered for a Level Funded plan, there must be at least 15 to 99 employees enrolling. Eligible employees are those who work 30 or more hours per week for the plan sponsor.

Employees located outside of these counties can access care through the full Select Health Med network. Benefits are also available at out-of-network hospitals and providers for most services. This plan option also includes national access.

UnitedHealthcare® Options PPO Network

Select Health utilizes the UnitedHealthcare Options PPO network to ensure you and your employees on Select Health Med plans have access to the same great customer service and benefits when accessing care outside the states of Colorado, Idaho, Nevada, and Utah.

Note: Select Health cannot enroll subscribers with a primary residence in Hawaii and US territories such as American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands due to specific state and local laws.
