Vaccination Coverage

At this time, Select Health has no plans for deviating from current coverage policies:

- Immunizations are preventive if recommended by U.S. Preventive Services Task Force (USPSTF) or Centers for Disease Control (ACIP).
- Select Health will review expanding to recommendations of the American Academy of Pediatrics (AAP) and the American College of Physicians (ACP).

Diabetes Management

Helmsley Grant

- Insulin-requiring adults
- Intermountain practices
- **Provides:**
 - Continuous Glucose Monitoring
 - Pharmacist support
 - Coordination of care
- **Goal:** Demonstrate better usage uptake and diabetes control, lowering costs to offset the usual member responsibility and ultimately affecting benefits.

Hypertension Control: Initial Improvement

Program Approach

- Coordinate with Intermountain remote patient monitoring.
- Promote home monitoring.
- Collaborate with primary care physician (PCP) or navigate to a PCP if needed.

Initial Results

- | | |
|-----------------------|-----|
| • Baseline | 27% |
| • After participation | 59% |

What else?

Partnerships for:

- Virtual gastrointestinal care
- Virtual musculoskeletal physical therapy/pelvic floor
- Additional rewards for chronic disease management
- Home services for medically/socially complex
- Improved Community Health Worker program
- Value-based coordination for:
 - o Kidney services
 - o Patients with Parkinson's disease
 - o Diabetes prevention
 - o Knee degenerative joint disease

Our Promise:

Ongoing support for quality programs

Ongoing support for providers

Clear communication

Continue to seek innovative processes to allow the best care to be available

Thank you for all you do for your patients.
